Dear Applicant:

Let me first express that our thoughts are with you during this trying time. The lives of so many people have been affected by Hurricanes Gustav and Ike, and The Salon and Spa Relief Fund has been established to assist salon owners and their employees who may need financial relief. In an effort to directly impact those in the salon and spa industry, The Salon and Spa Relief Fund aims to provide grants to both individuals and businesses to help them rebuild their lives and businesses.

Enclosed is The Salon and Spa Relief Fund's Grant Application. To be eligible to receive a monetary grant, you must work in the salon and spa industry as either a salon/spa owner or as an employee at a salon or spa. Please note that employees of Neill Corporation, The Salon People, and any persons related to members of the Salon and Spa Relief Fund's Board of Directors through family or business relationships are not eligible to apply. You should complete and submit the Grant Application along with any attachments that it references. This will enable The Salon and Spa Relief Fund's Grant Committee to fully evaluate each applicant's special situation and to determine whether the applicant qualifies to receive grant assistance.

To apply for consideration as a grant recipient for either an individual or a business grant from The Salon and Spa Relief Fund, please complete and submit the following items:

- Grant Application (fully completed and signed)
- Disaster and Loss Information Statement
- Grant Assistance Statement

The above information should be mailed as one complete packet to:

The Salon and Spa Relief Fund, Inc.  
Attn: Grant Committee  
P.O. Box 729

We look forward to receiving your application and wish you the best in your recovery efforts.
